

HYDROGEOLOGIST – ENTRY LEVEL

Woodard & Curran is an award-winning, dynamic, growing consulting, engineering, and operations firm serving public and private clients throughout the U.S. Our signature integration of engineering, science, and operations as well as the commitment and integrity of our people to drive results for our clients, allow us to consistently rank as one of the fastest growing companies in our industry.

We are seeking an entry level hydrogeologist. Specific responsibilities include large diameter extraction well installation oversight, observation and monitoring well installation oversight, slug testing, pressure transducer use and deployment, groundwater and soil sampling, pumping test oversight, pumping test data reduction, data management, and technical report writing. Candidate should be a self starter and possess strong field and writing skills to support a wide range of science and engineering projects.

- BA or BS in Geology, Hydrogeology, or Environmental Engineering, Masters Degree a plus;
- 0 – 3 yrs experience in Environmental Consulting;
- Excellent Writing and Communication Skills;
- Word and Excel Familiarity;
- OSHA 40 Hr Training a plus;
- Familiarity with pumping test data analysis and groundwater modeling a plus.

Woodard & Curran is an Affirmative Action/ Equal Opportunity Employer
